CIRCULAR

Dear Guardians,

We all know that the world is going through horrid conditions and we all are a victim to this pandemic. This unpleasant situation has locked us down and breached us completely. As ordinary, yet responsible individuals the utmost we can do is to be preventive.

Due to the sudden outbreak of covid-19 we had to shut down our institution on and from 23rd of March'2020. Even the council had to withhold the ICSE/ISC examinations. We as an organization were more affected by this as this is the time when an academic session ends and another new academic session begins. Many of you were worried about the re-admission and new admission procedures. It was a long lasting process to bring all of you together into a single platform, so that our students are always connected to their second home.

As most of you know that our school premises falls under one of the containment zones of our district, therefore it is not permissible for us to continue official work in the same. We have organized online procedures for all of you. Our online sessions have been active since 15th of April'2020. We hope our students are enjoying their virtual classrooms as well as you are also being an executive part and partial of this whole system. We are dead sure that without your co-operation and support this wouldn't have been possible. We completely understand that this process is completely new to most of you and there are some guardians who have yet not connected to us. But, we intently request you to connect with us as soon as possible and we promise to guide you throughout and assure to be with you always.

As requested and appealed by many guardians, we have initiated online payment procedure for all of you. We have set up multiple methods and techniques through which you can complete your payment and re-admission procedures just by staying at your home. You will be receiving information about payment procedures/monthly fees/re-admission fees in your registered WHATSAPP number. Kindly follow the instructions clearly and for any query regarding anything contact 9007545915. We are always there at your service.

P.S.: Those who are not yet connected to the above number, kindly do it soon.

Till then stay safe and stay healthy.
